## Request for LUMI test access

### Introduction

Puhuri AAI uses MyAccessID platform as an integration point for all IdPs. MyAccessID is published in eduGAIN as a Service Provider and will consume IdPs available in eduGAIN through the metadata exchange mechanism. MyAccessID can on request integrate IdPs in the case they are not available in eduGAIN.

### Grant Resources

As part of the test access, the user can use the LUMI CPU resources for 1 month (30 days). Test access provides 10,000 CPU hours and 1,000 GPU hours that can be used. If the limit is used, additional hours should be reported in the comment of the LUMI ticket that was created originally.

### Registration to the PUHURI portal

The user should register with PUHURI portal.

<https://puhuri-portal.neic.no/login/>

Login

OR

 Sign in with MyAccessID

By authenticating you are agreeing to the [Terms of Service](#) and [Privacy policy](#).
