

Pobranie klienta URC

Klient URC pobrany może zostać ze strony projektu: <https://www.unicore.eu/download/>.

The screenshot shows the UNICORE download page. A red circle highlights the 'Download' link in the left sidebar. Another red circle highlights the 'Download' button for the 'Rich Client' under the 'Clients' section. The page includes a navigation menu, a 'Feedback' section, 'Server Packages' list, and 'Clients' information. Logos for OGF and OASIS are also visible.

UNICORE is the latest Web Services-based, OGSA-compliant version of the UNICORE Grid middleware.

Feedback

We are always interested in your feedback, i.e. where and in which context UNICORE is used. We would very much appreciate if you send a short email to unicore-feedback@unicore.eu stating the name of your institution, your country and in which context UNICORE is going to be used.

In case you have direct questions related to the UNICORE software, please use the UNICORE support mailing list on SourceForge unicore-support@lists.sourceforge.net.

Server Packages

If you want to use the minimal set of UNICORE components, download the Core Server bundle and install it.

Linux repositories are described at [UNICORE sourceforge](#).

Package	Details	Download
Core server bundle	Details	Download
Workflow system Bundle	Details	Download
UNICORE File Transfer Daemon	Details	Download
UNICORE File Transfer Authentication Server	Details	Download
UNICORE Portal	Details	Download
UNICORE XML Spaces	Details	Download
Common Information Service	Details	Download
VO Service	Details	Download

Clients

If you want to use a graphical client, download the UNICORE Rich Client (URC) and install it.

If you want to use a commandline client, download the UNICORE Commandline Client (UCC) and install it.

Client	Details	Download
Rich Client	Details	Download
Commandline Client	Details	Download

The UNICORE Forum e.V. is an organizational member of the Open Grid Forum (OGF).

OGF

Forschungszentrum Jülich is a member of the Organization for the Advancement of Structured Information Standards (OASIS).

OASIS

UNICORE is part of the European Middleware Initiative.
